

moneymobile

Money management app by moneymap

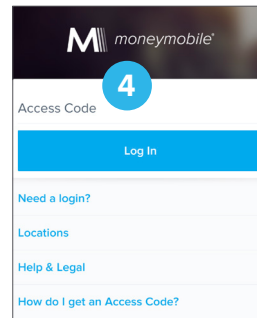

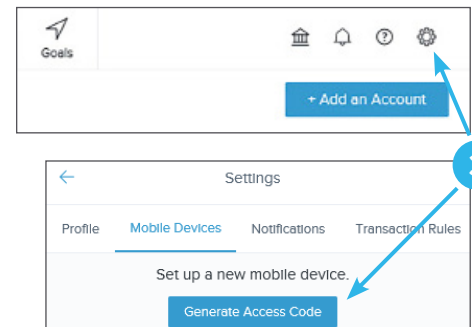

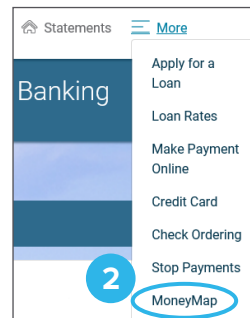

All your financial accounts in one place!

Take advantage of this FREE tool for FNCU Members!

Before downloading the mobile app, you must have the desktop version of MoneyMap. For instructions, visit firstnebraska.org/moneymap.

Getting Started:

1. On your smart phone or other mobile device, download the MoneyMobile app (works on Apple or Android phones)
2. Before you can use the app for the first time, you must log into Online Banking at firstnebraska.org and open MoneyMap to accept the terms.
3. Click on Settings (gear icon), then click Mobile Devices and click Generate Access Code. A code will display on your screen. Type this code into the app within the next 10 minutes.
4. Once you've entered the code, click Log In. Then your FNCU accounts will automatically populate into the app!

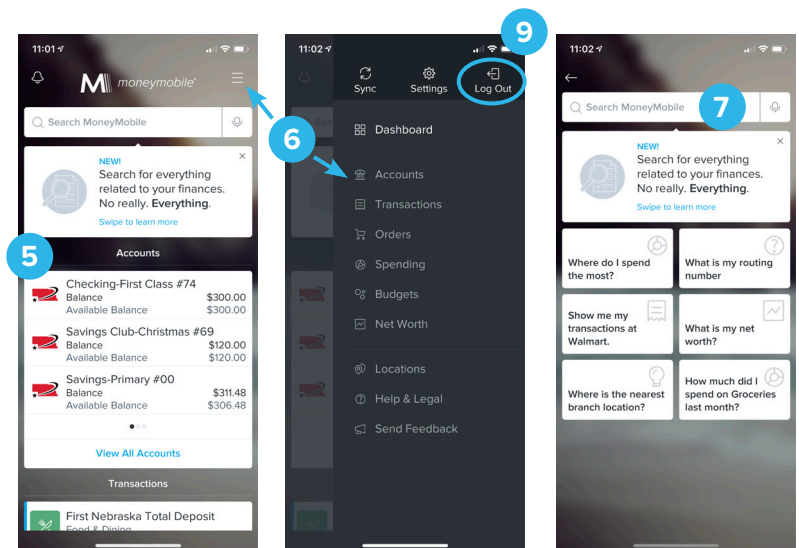

Take advantage of this FREE tool for FNCU Members!

Using the app:

5. View your accounts, transactions, spending habits, and budgets on the main dashboard.
6. Then add other accounts, loans, credit cards, investments, etc. by clicking Accounts in the menu.
7. Utilize the app's search feature. Search for all transactions at a particular store, or see how much you spent on groceries last month.

Closing the app:

8. We recommend you lock the app with a 4-digit code to protect your financial information.
9. Click Log Out in the menu. This will not automatically log you out the first time. It will ask if you want to set up your code or log out.
10. Once you set up your code, you will be prompted to enter the code every time you open the app.
